

GandhiPrep ACT and SAT Tutoring

Hello! My name is Jai Gandhi and I am a current senior at Metea Valley High School. I have created this ACT and SAT Prep course because I would like to help my peers around me get introduced to, or improve on standardized tests. Additionally, I myself took multiple tutoring courses, first with a national brand, and then with a local tutor. After attending both, I realized something is missing, and that they did not meet my standards, so I decided to study with my own methodology. It worked, with me earning a perfect 36 on the ACT, and a 1560/1600 on the SAT.. I have created this class to share that methodology and help others succeed. I have been tutoring standardized tests for one year now, and last year I tutored 7 students and raised their average ACT score by 4 points! This proves that my tutoring works!

This course is designed to be an **8 week course**, meeting 2 times a week for 1.5 hours each class. This brings it to a **total of 24 hours** worth of class time. After each class, I will also be providing additional homework and practice tests to supplement the class material. Providing homework ensures that the student continues to practice what he/she learned and increases the probability of remembering and applying the concepts on the real test. Depending on whether or not you are planning on taking the SAT, ACT or both, homework and practice problems will be different.

The total price of this course is: 24 hours * \$25 an hour = **\$600**

In addition, these courses can have up to 10-12 students per class, while my classes cap out at **2-4 students** for a highly personalized environment.

Why Jai?

- Proven methodology designed through my and my peers experiences
- Average ACT **scores raised by 4 points!**
- Personalized classroom time with small class sizes
- Crisp and concise teaching - no “beating around the bush”
- And of course, what you all love, it’s cheap!

Most classes will have a general outline looking like this:

First 15-20 minutes: Go over homework from previous class

40-45 minutes: Class content for the day over a specific subject/topic

30 minutes: Practice problems in class, and go over answers

Total: About 1.5 hours

Overall class descriptions:

Before Week 1: I will be sending a practice test for everyone to complete as a baseline before the class starts. It is very important that you do this test!

Week 1 Class 1: Intro to the ACT and SAT, Begin English section

Week 1 Class 2: English - Punctuation, Grammar

Week 2 Class 1: English - Grammar, Style

Week 2 Class 2: English - Sentence Structure, Organization/Clarity

Week 3 Class 1: Math - Numbers

Week 3 Class 2: Math - Algebra

Week 4 Class 1: Math - Algebra Continued, Coordinate Geometry

Week 4 Class 2: Math - Plane and Solid Geometry, Trigonometry

Week 5 Class 1: Reading - Main Idea, Detail, Vocabulary

Week 5 Class 2: Reading - Function and Development, Implied Ideas, Evidence-Based

Week 6 Class 1: If ACT: Science - Factual Questions, Interpreting Trends, Calculations

If SAT: Math (Calc vs. Non Calc), More Math Concepts

Week 6 Class 2: If ACT: Science - Experimental Design, and Interpreting Experiments

If SAT: Reading Expanded

Week 7 Class 1: Begin full length practice test 1 - English and Math

Week 7 Class 2: Finish full length practice test 1- Science and Reading, review

Week 8 Class 1: Begin full length practice test 2- English and Math

Week 8 Class 2: Finish full length practice test 2- Science and Reading, review

You will also receive additional resources and practice tests for your help, as well all the notes from the curriculum.

Thank You!
